ALPINECROSS

ALPINECROSS

ALPINECROSS

OVERVIEW

ALPINECROSS 1000 STANDARD / PREMIUM

The AODES AlpineCross is built to work confidently even when the temperature is below freezing. Carrying firewood, going on hunting trips, and keeping tabs on the herd are all easy with the powerful 1000CC V-Twin engine. The wide track and large footprint of the vehicle make passage easy in even the deepest snow. The reassuring V-Twin power of 1000 cc should put your mind at ease. With convenient extras like an electric starter, heated handles for the driver and passenger, a large cargo rack, an LED screen, and a speedy hitch, this vehicle can take you places other can't.

**LED HEADLIGHTS
SIDELIGHTS LED
FEATURES**
