DESERTCROSS

DESERTCROSS

OVERVIEW

DESERTCROSS 850/1000/1000HVAC X3/X6

The Desertcross models are true workhorses. The steel structure of these units guarantees they will perform well on any surface. To guarantee your comfort in every environment, you may select between an open cab and a fully enclosed HVAC system. A few of the premium features found on these vehicles include the windshield, full roof, twin light bars, 4500 lb. winch, turn signals, horn, LED lighting and automated dump bed. Locking differentials at both the front and rear provide for improved traction and agility in even the most challenging conditions. Your group of three to six may ride in comfort and style in one of these.

DESERTCROSS SERIES

 Sand yellow  Sand black

ENGINE: V-twin, Four-stroke, Liquid-cooled

SUSPENSIONS: Independent Dual A-Arm
Independent Dual A-Arms
Adjustable Coilover Shocks

WHEELS: 27×9-R14 27×11-R14

MINIMUM GROUND CLEARANCE (MM): 313/318/327

**LARGE CARGO
CAPACITY**

FEATURES

Large-capacity, high-strength metal cargo box with strong carrying capacity.

DESERTCROSS

FEATURES
