TRAILCROSS

OVERVIEW

TRAILCROSS 250 / 400 GOLF / DUMP BED

In order to provide the highest possible level of functionality, the TrailCross series was designed with the do-it-yourselfer in mind. We have everything you need to move wood, passengers, or even work in the garden, and we are able to meet all of your expectations. Within the Utility bed series, you will discover a wide dump box that is able to transport virtually anything that you could need in your garden or backyard. In addition, the Golf series has an additional sitting space, making it simple for you to accommodate an additional two people. Because you have the option to select an engine with either 250 or 400 cc, you won't have to stress about whether or not you will have the power to complete your errands. You will find that the TrailCross comes standard with the most features of any utility vehicle (UTV) currently available on the market today.
